

SOLANA XL

ALL-IN-ONE AQUARIUM SYSTEM

- 3-Panel High Clarity, low iron glass
- Removable frame top with hinged glass canopy
- Glass sump w/integrated bag filter, pump, ATO system
- Professionally finished modern black stand
- Includes hanging arm assembly & 250 watt Sunpod

Three Panels of Ultimate Viewing

Get the ultimate viewing experience with the Solana XL featuring 3-panel high clarity, low iron beveled glass. Our new removable wood frame top w/hinged glass canopy allows you to style your aquarium with a wood trim or go frameless!

A built-in overflow box quietly allows water to be filtered under the tank in an included glass sump, integrated mechanical 200 micron bag filter, chemical media tray and energy efficient Quiet One return pump. Flexible dual outlet nozzles, automatic freshwater top-off system and a integrated chiller vents make this truly an all-in-one.

Each Solana XL system also includes a 250 watt Sunpod HQI metal halide system and hanging arm assembly - making it the perfect coral growing machine.

Every Solana XL includes 3-panel High Clarity Aquarium, overflow box with plumbing, wood frame trim kit w/hinged glass tops, furniture grade modern black stand, glass sump, micron bag filter assembly, 200 micron filter bag, Quiet One return pump, auto top-off system, filter compartment lighting, hanging arm kit, and Sunpod HQI metal halide lighting system. Some assembly required.
